

Mercyhurst College
Position Vacancy for Assistant Professor of Biology

Mercyhurst College invites applications for the tenure-track position of Assistant Professor in Biology. The successful candidate will be expected to teach courses within our introductory sequence for science majors as well as upper level biology courses in his or her area of expertise. The successful candidate's teaching and research interests should lie in the area of Evolutionary Biology. We are especially interested in applicants whose research interests indicate potential for extramural funding support and combine bench and field work that allows for undergraduate research experiences in a manner that makes use of the molecular biology equipment and various field stations that we manage (<http://biology.mercyhurst.edu/research/research-facilities/>).

Inquiries about the position can be sent to biology@mercyhurst.edu. To apply for the position, please send CV, teaching and research statements, official transcripts for degrees received, and three reference letters to:

Dr. Michael Elnitsky, Ph.D.
Biology Search Committee Chair
Mercyhurst College
501 East 38th Street
Erie, PA. 16546

Review of applications will begin on January 9, 2012 and continue until the position is filled.

Mercyhurst is an Equal Employment Opportunity Employer that encourages members of diverse groups to apply.
