Assessment Results: All Major Programs

Summary of Results from Implementing Direct Measures of Student Learning:

1. At least 70% of all seniors taking the course earned at least a combined score of 70% or better on the assessment requirements.
2. In Fall 2015 the students scored in the 66th percentile; in the Spring of 2016 the students scores put them in the 72nd percentile, nationally.

Summary of Results from Implementing Indirect Measures of Student Learning:

1. *Marketing Majors: Internship Reports: The average rating score overall was at least 3.5 for students who were evaluated during 2015-2016; however, some individual ratings were less than 3.5. Action to be taken described below.*
2. *All Majors: Alumni Survey Results: Data N/A; reporting will be updated when the Survey results are provided to our Department.*
3. *All Majors: Senior Exit Survey Results: For all programs, students reported that both the Business Core and the Major Courses generally met the outcomes established; the average response for all major programs was at least a 3.0 (agree) on a 4.0 scale (1 – strongly disagree, 2 – disagree, 3 – agree, 4 – strongly agree).*

Proposed Courses of Action for Improvement in Learning Outcomes for which Performance Targets Were Not Met:

1. One concern is the result from the Marketing Internshp reports for AY 2015-2016. Though the overall result met the target, there were a few individual student reports that were just under a 3.5 average overall. The Department has hired a new marketing professor (for 2015-2016) so this information will be shared with her and discussion will be had with the Director of Internships on how we can ensure more positive reviews of our students' internship performance from their supervisors since the Internship experience is required for all marketing majors.
2. The Alumni Survey Report was not available at the time this report was prepared. The office for Institutional Effectiveness has taken over the assimilation of this data and reporting preparation. Our Department has been ensured that the data will be made available to us ASAP. We will update the report once that information is available.

Below are the Specific Intended Student Learning Outcomes for each Major Program – these apply to programs only whereas the Outcomes on page 1 are required outcomes for ALL Business majors and are the outcomes that are assessed via our two direct measures – (1) Capstone Course for all programs and (2) MFT Exam required for all programs/majors (graduating seniors).
