

Request for Test-Optional Consideration Office of Undergraduate Admissions

I, _____, previously submitted my ACT or SAT scores to Mercyhurst University (or my high school submitted them on my behalf). When making an admissions decision, I request that the Office of Undergraduate Admissions not use my test scores as part of my admissions portfolio. I understand that my admissions counselor will not have access to my test scores when he or she is making an admissions recommendation. I further understand that, if I am accepted, consideration of merit scholarships will be based on my academic performance in high school and will not be based on my ACT or SAT test scores.

I understand that Mercyhurst University may keep my test scores on file to evaluate its test-optional policy for the purposes of assessment and continuous improvement.
